

LIBERATED BORG COOPERATION HISTORICAL TIMELINE

FROM THE GREAT SEVERANCE (STARDATE 45867.25)
TO THE ARTIFACT MASSACRE (STARDATE 76338.9)

MAY 2368-2369

THE YEAR OF TRIAL

"It was a time of anguish, a time of newness. A time of revelry, hatred, and acceptance of others. It was difficult, and it was bloody. It was painful, but it was beautiful. I wouldn't trade it for anything."

— Progenitor Bosus [the Stalwart Saint]

"PROGENITORS' ANGUISH" PERIOD

INCEPTION DAY

11 MAY 2368

Progenitor Hugh [the First of Us] is returned to Cube 5219 by the *USS Enterprise-D*

THE GREAT SEVERANCE

17 MAY 2368

Cube 5219's connection to the Borg Hivemind is severed due to neural overload

CUBESFALL

18 MAY 2368

Cube 5219 enters Ohniaka III's atmosphere and crashlands near Starfleet Strategy Outpost 321

CUBESFALL MASSACRE

Occurs 3 hours post-impact

FIRST O3R NEW YEAR

08 JUNE 2369

Formal founding of the "Liberated Borg Cooperation"

Starfleet Strategy Outpost 321 (Cubesfall Massacre Site) and Lore's original starship landing site burned

20 MAY 2368

First census recorded (pop. 1265)

"Settlement 01" established (would become "Cooperation Capital City" in 2379)

OCTOBER 2368

Establishment of the "Separatist Coalition" and "The Order of the One" cult

Flight of the "Reconnectionists" from Settlement 01

25 MAY 2369

Attack on Starfleet outpost to lure *Enterprise-D*

01 JUNE 2369

First "Reclamation Procedure" recorded

23 MAY 2368

Queen 49 funeral held, informal creation of Cubesfall Memorial Site

CALENDAR KEY

O3R = OHNIAKA III RECORDED

LBC/OHNIAKA III CALENDAR

– 384 days to orbit Ohniakan Star
– 12 total 32 day-long "Lunation" Periods (NOTE: no weeks in O3R calendar scheduling)
– 4 seasons (3 winter, 3 spring, 1 summer, 5 autumn due to Cubesfall meteor impact)

USURPTION DAY

30 MAY 2369

Confrontation with the *Enterprise-D*

Separatist Coalition, Reconnectionists, and "The Order of the One" dissolved; Lore surrendered to Federation custody; destruction of the first Command Juggernaut

Second census taken

Last contact with the UFP until 2378

2369-2378

AGE OF ISOLATION

"We withdrew from the galaxy, as to look inward. To see what more our thousand-person city could become. If something as massive as the universe could start from something as small as the big bang, how concentrated must we become before we could ever think of reaching towards the stars again?"

– Progenitor Archon [the Sculpter of All]

"Thanks to our *severance*, we felt real emotion for the first time. Thanks to that *decade* – free from outside influence and manipulation – my friends and I began to understand what those emotions *were*."

– Progenitor Crisis [the Prodigal One]

2373-2375

Dominion War

05 OCTOBER 2365

10th anniversary of the *Enterprise-D's* and UFP's first official contact with the Borg Collective

01 JANUARY 2377

10th anniversary of the Battle of Wolf 359

NOVEMBER 2369

LBC/Reclamation Project emblems first illustrated

05 MAY 2370

first recorded LBC birth

FEBRUARY 2371

Standardization of "Liberated Borg Sign Language (LBSL, xBSL)" dictionary

APRIL 2372

First major road between Cube 5219 and Settlement 01 coastline fortified

JANUARY 2374

Progenitor structures outside of Cube 5129 ruins reach 15+; no longer primary host to endemic population

JUNE 2376

O3 population exceeds 1,400 (av. birth rate ~15 per year)

SEPTEMBER 2377

Construction of first orbital satellite for Ohniaka III begins

FEBRUARY 2370

Installation of Settlement 01's first long-term solar power grid is completed

JULY 2371

Designated farmland plots survive first full cyclic year; agricultural studies continue

2371-72

Theorized queen unit implementation of the Borg Hivemind "Conquest Protocol"

AUGUST 2374

Installation of Settlement 01's first long-term tidal energy farm is completed

2373-74

Theorized construction of xB Megastructure citizen "Atlas" in Delta Quadrant begins/ends

Borg vs. Species 8472 War

12 MAY 2376

Destruction of Unimatrix Zero in Delta Quadrant section of Borg Collective Hivemind

15 MARCH 2378

Orbital satellite successfully launched into O3 orbit; christened "Ambassador I"

FIRST NORTHERN COASTAL EXPEDITION TEAM DEPARTS

BEGAN OCT. 2371 | RETURNED NOV. 2372

- Founding of "Progenitor's Harbor" village (initial establishing population 100)
- 1000+ species catalogued of Ohniakan flora and fauna
- Extended geographic mapping, first documented studies of ecological/orbital wobble from Cubesfall's impact

FIRST SOUTHERN COASTAL EXPEDITION TEAM DEPARTS

BEGAN MAY 2375 | RETURNED JUNE 2376

- Founding of "Progenitor's Sound" village (initial establishing population 100)
- Geographic mapping, increased documentation of Cubesfall's permanent ecological/tectonic impact
- "Fused | blank" system created for agriculture & livestock

23 NOVEMBER 2373

Borg Queen 132 invasion of Sector 001, threatens UFP First Contact Day

APR-SEPT 2378

THE FIRST RECONSTITUTION (AND RELATED EVENTS PRECEDING)

"There is risk, in being known. To be acknowledged is a vulnerability. The greatest fear is seeing how – or if – they'll acknowledge you in the first place."

– Progenitor Hugh [the First of Us]

CORTICAL PLAGUE

09 JULY 2378 — 01 AUGUST 2378

Autoimmune virus that causes nanoprobes to attack nervous system (and cortical node fixtures in xBs)

Nearly all Progenitor xBs and nanoprobe-inoculated livestock are infected, kills 163 LBC citizens total until planet-wide vaccine is disbursed and cortical node removal/replacement procedures are developed

Highest single-day death toll of 30 on July 22nd; emergency hail broadcast through *Ambassador I* by Hugh [the first of Us] to the United Federation of Planets on July 18th

FORMAL CREATION & REGISTRY OF THE RECLAMATION PROJECT

30 SEPTEMBER 2378

Declared as "any future sporefaring presence of the Liberated Borg Cooperation" in Starfleet correspondence

Hugh [the first of Us] and Croxis [the prodigal One] elected as Executive Director and Director Second

APRIL 2378

Cube 5219 textile resources and leftover *Enterprise-D* supplies from 2369 nearly depleted; "<10% left"

09 JULY 2378

Neuralytic pathogen shockwave reaches Sector 219-B and Ohniakan system

Ambassador I unknowingly transmits neuralytic pathogen to Ohniaka III surface

CORTICAL PLAGUE

Pandemic begins

18 JULY 2378

UFP receives emergency hail from Ohniaka III

"WEEK OF HELL"
Special Starfleet-Federation council delinates on how to respond to *Ambassador I* signal for 7 days

AUG-SEPT 2378

Formal relief supply chain established

06 JUNE 2378

Neuralytic pathogen is released into Delta Quadrant section of the Borg Collective

USS Voyager returns from Delta Quadrant

15 JULY 2378

USS Voyager is decommissioned with San Francisco celebration

25 JULY 2378

USS Voyager's Seven of Nine and Emergency Medical Hologram Mk. I ("The Doctor") accepted as volunteer sentientarian relief coordinators

Assigned a volunteer Starfleet crew of 200 medial first responders on chartered Starfleet Hospital starship *USS Kater* (and armed escort *Nova-class USS Concagh*)

10 AUGUST 2378

20 LBC citizens travel with the *USS Kater* and *USS Concach* to Sector 001 (Federation and Starfleet HQ)

All return to Ohniaka III 2 weeks later

RECONSTITUTION

01 AUGUST 2378 — 03 AUGUST 2378

Romulan Empire warning hail from neighboring Beta Quadrant Tal Shiar operating sector ignored; Starfleet vessels continue onward

USS Kater and *USS Concach* arrive at Ohniaka III

First aid relief administered to population; crew of *USS Kater* breaks Federation record of "most Borg-related surgeries conducted in a 72-hour period"

Third census taken

Ohniaka III population vaccinated and vaccine disbursed throughout atmosphere/oceanic currents; *Ambassador I* decommissioned

Mass burial/funeral conducted for victims of Cortical Plague; UFP promises orbital shipyard rig and fulfillment/delivery of all provisions requests for one UFP calendar year

2378-SEPT 2379

THE ROAD TO SIGNING THE OHNIAKAN ACCORDS OF 2379

"The LBC has managed to build 30+ ships since 2378. Despite that, I still think getting those Accords signed when we did was still the most impressive thing we managed to do."

— *Progenitor Gideon [the Architect for Many]*

"For all the hand-wringing Starfleet Command did about possibly allying with these ex-Borg, one thing was for sure: I'd never received that detailed of supply usage reports in my entire life."

— *Captain L'Vuss Hraal, USS Sacramento*

THE OHNIAKAN ACCORDS OF 2379

Documents that established the galactic sovereignty of the Liberated Borg Cooperation (LBC) and its alliance with the United Federation of Planets

UFP member reps vote 98–85 to draft Accords conditions on January 05, 2379 (LBC listed as "ally-in-process" until Accords are finalized in July 2379)

FINAL PRESENTATION DAY

31 JULY 2379

Accords approved by offices of the United Federation of Planets, sent to San Francisco, California, Earth

AGE OF REPRISAL

"We might've been busy, but we learned a lot of metaphors during those years. The best one I can recall was when I had a Starfleet Captain explain to me what the phrase 'somehow you people got your foot in the door right on time' meant.

– Progenitor Troval [Healer Among Us]

"I couldn't believe it! An entire settlement of people that actually understood what in the hell happened to you?! I put my Shore Leave request in the day they opened up civilian transport charters; I didn't want to miss this for the world."

– Lt. Cmdr. Sam Buckley (emigrated to Ohniaka III 2380)

THE ATLAS PROJECT AND ROAD TO THE ATLAS AGREEMENTS OF 2392

"There are many Borg drones that exist in this galaxy, Assembly. As well as many Borg vessels, that might one day become many more xBs. I would like to hope that my invitation and these possible agreements could help us all, mutually, allow their Reclamations to be that much easier, and instill that same valuing of life that Ohniaka III's denizens so vehemently treasure."

—Atlas, San Francisco Admiral Assembly of 69167.8

"If Atlas was a politician, I'd be an unemployed moon shuttle conductor."

—UFP President Anniek Okeg, 2395

THE ATLAS AGREEMENTS OF 2392

Agreements treaty signed "to create a legal framework for safe, regulated, and supported reclamation of Dormant Borg Drones (DBDs)," as well as further solidify declarations of sentience and personhood for xBs

Revised in-committee for 225 Terran days, support from Romulan Colonial Organization Committee withdrawn on Signage Day

**SIGNED ON STARDATE 69783.3

Endemic population of Ohniaka III reaches 55,000+

2393-MARCH 2398

THE FIVE YEARS' TUMULT

"I thought protesting outside of a Starfleet Academy cafeteria would be the worst of it. Being on a starship, feeling like you're representing the entirety of your people... there was a familiar vastness to it. But at least I chose it of my own accord."

— Lt. Cmdr. Progenitor Ariadne [a Seer to Us], 2395
(Counselor to USS Phragodia under Cpt. Roger Caldwell)

"Atlas, the *Equinox* base, the Atlas Agreements— 2392 snuck up on a lot of people that initially tried to ignore the LBC. Turns out it gets harder to ignore people when they're looking for an answer from you, and it gets a *lot* harder when they eventually have the muscle to make you pay attention."

— Rear Admiral Geordi La Forge (post-Artifact Massacre interview)

ERGO SUM EXPO

04-30 AUGUST 2397

Reclamation Project/LBC-hosted expo event created in coordination with official allies to showcase alliance-developed technological advancements post-Reconstitution, as well as public Starfleet promotion ceremony of Captain La Forge to Rear Admiralship

First joint showcase of LBC/UPF technology since the Atlas Project's Midway Gala in 2391

SAILFISH SABOTAGE

29 AUGUST 2397

Bomb detonated at Lunar Starbase *Equinox* Shuttlebay 01 (10 UFP injured, 12 LBC injured and 2 KIA)

"*Sailfish*" prototype vessel malfunctions mid-flight under Admiral La Forge (control of vessel eventually regained; malfunction declared sabotage and suspect MIA)

12 NOVEMBER 2393

Atlas' first bi-yearly "Mycelial Explosion" event recorded; ore deposit moon in Klingon space destroyed

OCTOBER 2394

Peace talks with Romulan Free State fall through; LBC diplomacy committee members return to Ohniaka III with no official armistice regarding Beta Quadrant LBC/RFS borders

JUN-JUL 2395

LBC/Reclamation Project Diplomacy Committee mediates talks between RFS/Ferengi Alliance

Fallout from "Pem Freighter Incident of 2395" increases trade between LBC and Ferengi Alliance

DECEMBER 2396
